## Mayor's Christmas Tree back up in Mound City

The beautiful Mayor's Christmas Tree in Mound City took a direct hit from high winds and rain-soaked ground several days ago. The originally designed tree by Chris Hollis of Mound City was thought to be a total loss.

Mr. Hollis gathered the broken pieces (many that had blown across the street) and retreated back to his garage to assess the damage.

The Mayor's Christmas Tree emerged once more at the corner of 7th and State streets over the weekend of Dec. 18-20, with a new star atop the strings of lights that comprise the tree. Mound City appreciates the hard work by Chris Hollis to reconstruct a fantastic Christmas tree. The Mayor's Christmas Tree lives on!

**The home of Gary and Dee Ann Heck** - in Mound City displays many nativity scenes that the couple has collected over the years. The smallest nativity scene sits outside the church of the Hecks' Department 56 Dickens' village set up just inside the front door of their home. Dee Ann Heck graciously allowed pictures of some of her favorites, including the village.

## Nativity scenes tell story of true meaning of Christmas

Christmas is a special time in the home of Gary and Dee Ann Heck of Mound City. The traditional decorations go up after Thanksgiving - the Christmas tree and greenery go up first with wrapped packages soon spreading around the base of the tree.

Dee Ann's favorite moment comes when the boxes of nativity scenes are opened for another year. She has been collecting nativity scenes for 20 years, finding special places throughout the Heck home to display the real "Reason for the Season."

Each nativity set is unique. Across the breakfast bar, a large Willow Tree scene labeled, "The Christmas Story," is set up. Mary, Joseph and Baby Jesus sit in solitude, backed by a rus-

**Missouri Department of Conservation agents, Jade Wright, left, and Anthony Maupin, right** - Display the Medals of Valor presented to them by Missouri Governor Jay Nixon on Wednesday, Dec. 16, for bravely risking their own lives to protect others during an incident on Sept. 9, 2014, when severe flooding hit Holt County.

## MDC Agents Wright and Maupin receive Medals of Valor from Missouri Gov. Nixon

Missouri Department of Conservation agents, Jade Wright and Anthony Maupin, both of Mound City, were among the guests of honor at a ceremony on Wednesday, Dec. 16, at the Missouri State Capitol in Jefferson City, MO. Nine public safety officers from across the state were awarded the Missouri Medal of Valor for their courageous and exceptional efforts to save lives and protect the public in 2014. The nine officers who responded to the deadly threats represent Missouri police and Emergency Medical Services (EMS) and fire departments, as well as the Missouri Department of Conservation, the Missouri Department of Corrections and the Missouri State Highway Patrol.

"These nine courageous individuals exemplify the bravery and commitment of Missouri's public safety officers to serving and protecting the public," Missouri Governor Jay Nixon said. "Each story is unique - from subduing an armed attacker to giving medical care while under gunfire to braving floodwaters and entering a burning building to pull trapped victims to safety - but the character of the individuals involved, their decisiveness of action and selfless commitment to protecting the public is the same."

# Informal News Beat

Wednesday evening, December 16, the Boy Scout Pack 71 visited our printing facility for a tour. All the youngsters were well behaved and took interest in the entire publishing process. They all asked good questions and seemed to enjoy the tour.

I always enjoy when anyone is interested in the “behind the scenes” part of our business and am glad to show any group around the shop. I had a good time that evening. . . it was an early Christmas gift to myself.

The reason for the mention in this column . . . After the scouts and parents left the print shop, I went inside the apartment (which is inside the print shop) where my fiancée’, Jessica, had dinner ready. We sat down for dinner and she was asking about the tour and wanted to see the picture I had taken of the group. I know I can’t print the exact phrase that followed, but I believe it was “!@#\$\$%”, or something like that.

I had the camera on the table with a notepad ready to take the names of those in the picture, but was too busy visiting to remember to get the picture. I apologize to the scouts and parents and hope that next time I remember to capture the moment for the newspaper.

I guess I am on the naughty list now.

As you read on the front page this week, local conservation agents Jade Wright and Anthony Maupin were both recognized by Governor Jay Nixon with the Medal of Valor. Their actions the night of September 9, 2014, during a torrential downpour and flash flooding in Holt County and surrounding area, earned them this honor as they rescued seven people trapped in vehicles due to floodwaters. Also, these two men who were recognized have shown all of us what it means to be truly humble, as they insisted that the newspaper recognize the unsung heroes that helped that night in addition to mentioning their honors. They were adamant that others who helped that night were just as worthy of the honor as they were and the help they received was lifesaving.

Most of us look to famous athletes or Hollywood stars as heroes. If we would all take a minute and look around, we would find that the true heroes are among us. Great job, guys. The medals you both received were well deserved.

The community appreciates our emergency service personnel, law enforcement officers and our public safety workers for their commitment to our safety each and every day.

It sounds like there was an exciting Holt County Commission meeting on Monday morning. I am running out of space to touch on the subject this week...stay tuned.

I have owned the *Mound City News* for a little over 8 years now. That’s hard to imagine. The years are going by faster and faster. I have grown to love this community and the people in it. I have finally purchased a home here, that isn’t in the same building as my business. Jessica, my fiancée’, and I have spent the last year remodeling the house we plan to be in for the rest of our working lives and haven’t strangled each other yet, so I guess that’s a good sign. I have learned that, at the house, I don’t have the final say, I just get to figure out how to make it happen.

I am getting ready to marry a “local” girl and maybe one day raise a family here. Jessica wants somewhere in the neighborhood of 15 children, depending on the day. Okay, that might be an exaggeration, and I think I am a little too old for that. I guess we will have to see what the future holds.

Mound City, you have made an impression on me, and all of you know that the feeling of being part of a small town can’t be beat.

I hope everyone has a very Merry Christmas and a happy new year.

- Adam

# Letters to the Editor

Dear Adam,  
As 2015 comes to an end, the Holt County Historical Society would like to thank you and your staff for your support and continued assistance during the past year.  
A special thank you for pro-

viding the “What Do You Remember” space each week for the society. It has been a great way to find answers to queries and identify those in unknown photographs.  
Phone calls, letters and e-mails, along with those who

stop by the center each Wednesday to share information about what they have read in the *Mound City News*, certainly has helped provide answers for requested genealogy research!  
Wishing you and the *Mound City News* staff a Merry Christ-

mas and a Happy New Year!  
Thanks again!

Sincerely,  
**Elizabeth Burnside**  
Holt County Historical Society Board  
2015 Secretary

- Dear Editor,
- Most of your readers are familiar with the Mound City Nutrition Site, but do they know?.....
1. Mound City Nutrition Site only gets *some* government funding.
  2. We also rely on volunteer helpers, donations and fund raisers.
  3. We have to raise a good share of the funds needed to operate and provide low cost meals.
  4. Meals are delivered to “shut-in” individuals in the Mound City, Craig, Oregon and Forest City communities.
  5. The “Product of the Month”

- donations help keep food costs down.
6. The food is very good and well balanced; you should eat there once, if you haven’t already done so.
  7. It’s a good place to visit with someone you haven’t seen in a while.
  8. Many other activities and programs are hosted at the site; check the weekly paper (*Mound City News*) for the Nutrition Site News.
  9. The site is available to rent for family gatherings, etc., for a small fee (on weekends and some holidays).
  10. The Nutrition Site also accepts memorials for your recently departed friends

- and relatives.
11. If you are not a volunteer at the site, I will bet you know someone who is!
  12. The Nutrition Site needs some repairs both inside and out, check out the paint on the trim and the leaking guttering the next time you walk by.
- Mound City should take pride in the service that the Nutrition Site provides to the greatest generation of our time. One day you or someone you love will need our services; I hope it is still here to do that. We would like to start a Mound City Nutrition Site (MCNS) building fund to help defray some of the costs of the needed repairs and general

“beautification.” If you can help, please send or drop off your donation at the address below. If many people can help, no one person needs to give much - a dollar, the change in your pocket or a part of that check you did not know you were going to get.

Together we can make our community a better place for everyone and set a good example for our children. Our volunteers are our heart and we would cease to exist without them. We appreciate them more than I could say in this letter.

Kansas City Power and Light (KCP&L) wants to warn all customers of a new scam. KCP&L has seen an increase in reports of phone scams involving customers' utility bills and other personal information. Most of those targeted have been restaurants and small businesses, but all customers should be aware of this important notice.

With the phone scam, the caller is often a live person posing as a KCP&L employee who notifies the customer of a past due bill and demands immediate payment to avoid service disconnection. In some instances, the caller requests that the customer purchase a money gram to pay their bill. If the customer is unable to make an immediate payment or does not answer, the caller gives out a return phone number for customers to call back. When calling, customers are prompted by a recording to press two to make their payment with a live person. This phone number is not associated with KCP&L.

If customers ever have questions about the legitimacy of a bill, phone call or email regarding their utility bill, they should refrain from providing any personal or banking information, hang up and contact the KCP&L Customer Contact Center at (888) 471-5275 or (816) 471-5275.

Here are some other important safety tips to keep in mind:

- Never give credit card, debit card, Social Security, ATM, checking or savings account numbers to anyone who comes to the home, calls, text and/or sends an email requesting this information in respect to a utility bill, without also verifying that person is with KCP&L by either asking to see company identification or by calling KCP&L's Customer Contact Center.
- Be suspicious if receiving an email regarding a utility bill if one has not requested online communications from KCP&L.
- For customers using KCP&L's online bill pay system, always make online payments directly through kcpcl.com.
- Never provide personal information via email or click any suspicious links.

If anyone feels they have been a victim of this scam, please work with a local law enforcement agency to report the crime. For more information, visit [www.kcpcl.com/scamalert](http://www.kcpcl.com/scamalert).

# MDC Agents Wright and Maupin receive Medals of Valor from Missouri Gov. Nixon

## FROM THE FRONT

were on hand for the presentation of Missouri’s highest public safety award during a ceremony in the Governor’s office in the Capitol. Governor Nixon was joined at the ceremony by Department of Public Safety Director Lane Roberts and Highway Patrol Superintendent Colonel Bret Johnson.

The following transcript was read at the ceremony:

*On Sept. 9, 2014, over nine inches of rain swept across northwest Missouri in a matter of hours, leading to widespread flash flooding, including along Squaw Creek in Holt County. A school bus with only the bus driver on board was swept off Highway N, becoming lodged against*

*a fence. With the swift water rising rapidly, a Department of Conservation (MDC) boat was launched into a flooded ditch. Agent Wright maneuvered the boat through the rolling water with Agent Maupin and a Missouri State Highway Patrol sergeant (Mike Quilty) also aboard. Upon approaching the precariously positioned bus, Agent Wright used all his skill to hold the boat in a position so Agent Maupin and Sergeant Quilty could get close to the door of the bus. They had to fight the rushing water to open the bus door. They threw the driver a life vest. Then, with the boat positioned close to the door, Agent Maupin was able to reach the driver and pull her safely into the boat. Once back*

*on land, EMS personnel tended to the bus driver.*

*The flash flooding grew worse and shortly before midnight, in a matter of minutes, over three feet of water rushed across a one-half mile stretch of Interstate 29 near Mound City. Four vehicles were swept off the interstate, trapping seven motorists. Agents Wright and Maupin improvised and used a MoDOT (Missouri Department of Transportation) front end loader to reach a total of six trapped motorists, whose vehicles had been swept down an embankment. Riding in the front end loader’s bucket with life jackets and rescue equipment, they and a Highway Patrol sergeant (Mike Quilty), maneuvered through the swirling water*

*and loaded the victims from their flooded vehicles into the bucket, and then safely back to land, in two separate trips.*

Agents Wright and Maupin are honored by the recognition from the state of Missouri, but stress that their mission could not have been completed without the aid from others. Missouri State Highway Patrol Sergeant Mike Quilty was beside them all the time. MoDOT employees at both scenes were instrumental in the rescues. At the Highway N rescue, MoDOT employee, J.R. Rother, manned the end loader that held the boat in place while rescuing the bus driver, who was later treated by Atchison-Holt Ambulance District EMTs. Mound City Rural Fire District

volunteer, Chris Russell, also assisted with the rescue boat.

At the scene on Interstate 29, more rescue personnel became involved. As Agents Wright and Maupin were rescuing stranded motorists from the south side of the flooded area, MDC Agent Eric Abbott of Atchison County and MoDOT employee, Rob Kish of Rock Port, MO, were using a MoDOT road grader to rescue a motorist clinging to the luggage rack of his submerged car in the median.

On the south side of the flooding, J.R. Rother was joined by MoDOT employee, Ed Hunziger of Oregon, MO. Hunziger’s road grader was used as a water break for the floodwaters as Rother’s front end loader was used to

transport Wright and Maupin to the motorists and to move the victims to safety after the agents placed life vests on each one. Once again, Atchison-Holt Ambulance District was on hand to treat several at the scene for hypothermia.

The deluge of rain that fell that night sent many streams over their banks. “That is the worst I have seen Squaw Creek in all my life growing up in the area,” remarked Agent Wright. He noted that the creek covered the interstate again several months later, but with less intensity. Mother Nature sometimes rears her ugly head and Holt County is pleased that people are out there to protect its citizens.

# Holt County Commissioners release minutes for weekly meetings in November; 90% of FEMA projects complete

The Holt County Commission did not have a quorum on Monday, Nov. 16, 2015, with Presiding Commissioner Mark Sitherwood and Second District Commissioner David Carroll attending the annual Missouri Association of Counties’ conference.

First District Commissioner Bill Gordon was in attendance at the courthouse in Oregon, MO, to review accounts payable.

The Holt County Commission met Monday, Nov. 23, 2015, at 9 a.m., at the Holt County Courthouse in Oregon. Presiding Commissioner Mark Sitherwood, First District Commissioner Bill Gordon and Second District Commissioner David Carroll were in attendance.

David Dudeck, rural Oregon, joined the commission to request application of 100 yards of gravel on Omaha Road between Holt 160 and 170. After discussion, Commissioner Gordon made a motion to add the gravel as requested. Commissioner Carroll seconded the motion. A unanimous vote passed the motion.

The commissioners met with Road and Bridge Supervisor Daryl Biermann to discuss the County Aid Road Trust (CART) road program and consider modifications to the road rock application by district in the coming year. Mr. Biermann also provided a quote of \$10,900 for a utility bed for an existing flat-bed pickup truck in the Road and Bridge fleet. The commissioners took the matter under review. The commissioners discussed design elements of a bridge replacement project (BRO-32). Mr. Biermann will continue to work with engineer, Phil Schrick, on the project located on Holt Road 110. In other matters, Mr. Biermann reported there is an engine oil leak with one of the graders and he would be hauling rock on Holt Road 120 soon, weather permitting. The rock has been purchased by Kenny Construction and Tally Farms.

Sheriff Scott Wedlock joined the commission to report on a project to upgrade the 911 system to Phase 2 wireless capabilities. He has scheduled a meeting in coming

weeks to get further details.

Commissioners reviewed a right-of-way contract with Tradewinds Energy for access on county roadways related to a transmission line and substation. Commissioner Carroll made a motion to approve the agreement, which requires a \$10,000 bond from the company prior to the start of any work. Commissioner Gordon seconded the motion with a unanimous approval.

Jackie Spainhower, Director of the Northwest Missouri Regional Council of Governments, met with the commission to discuss Certified Work Ready Communities. Spainhower is pursuing a grant for a regional program to enhance workforce development. The commissioners agreed to participate and selected Commissioner Sitherwood as the representative to an upcoming planning meeting.

County Clerk Kathy J. Holstine and Deputy Angie Gamache discussed Great Northwest Days at the Capitol with the commission. Plans are underway to attend the annual event in Jefferson City, MO. The commissioners reviewed booth ideas and issues from the region.

Being no further business, the commission adjourned until Monday, Nov. 30, 2015.

The Holt County Commission met Monday, Nov. 30, 2015, at 9 a.m., at the courthouse. Presiding Commissioner Mark Sitherwood, First District Commissioner Bill Gordon and Second District Commissioner David Carroll were in attendance.

Carla Markt, Oregon, appeared before the commission to provide an update on her recent attendance to a Missouri River Recovery and Implementation Committee (MRRIC) meeting in Rapid City, SD. Mrs. Markt is sponsored in her role on MRRIC as a local government representative by Holt County. She provided information on proposed flow modifications to the Missouri River in the spring and fall and potential impacts to Holt County.

Jr. Radley, rural Oregon, joined the commission to request a tube

on Holt Road 100. Commissioner Carroll agreed to meet with Mr. Radley and look at the site.

Randy Mendenhall, Snyder and Associates, presented bid documents for approval of the County Commission for Holt County Levee District #15 to complete work from the 2011 Flood through a Community Development Block Grant (CDBG). Bids were opened by the Levee #15 Board on Tuesday, Nov. 24. Three bids were obtained, of which Tri-Smith Construction, Carrollton, MO, was selected by the board as the winning bid. Commissioners approved the contract at the recommendation of the Levee #15 Board for \$296,959.

Frank Blakemore, PE, Garver, Kansas City, MO, joined the commission to ask for its consideration when next selecting an engineering firm for bridge work.

Road and Bridge Supervisor Daryl Biermann joined the commission to discuss the purchase of a tractor and flail mower for right-of-way management. Commissioners made plans to review such purchase in the coming budget year. Mr. Biermann also reported on Federal Emergency Management Agency (FEMA) rock application, with more than 90% of the projects now complete.

Brenda Nelson, R.N., Health Department Administrator, met with the commission to report on a change in courier service at the state level, which may shift some cost to the county in the coming year. The service is used for water tests and other time-critical lab work. She noted that there has been no interest in the nurse position, which remains unfilled at the Health Department. Mrs. Nelson is currently providing the nurse services in addition to her duties as administrator. After discussion, the commissioners authorized Mrs. Nelson to post hours when those services will not be available at the end of the year to allow Mrs. Nelson to use her vacation days.

Being no further business, the commission adjourned until Monday, Dec. 7, 2015.

"The part I like better than anything is they respect your dignity."

Just over a year ago, Stephen Holmes had pain in both knees and could barely walk. So he and his wife made the 40-mile trip to SSM Health St. Francis Hospital, where they were quickly impressed with the facility and orthopedic surgeon, Dr. Thomas DiStefano.

The results: two successful knee replacements, a happier, more active Stephen and a mutual friendship between the SSM Health St. Francis staff and the Holmes family. They continue to refer friends and family members because of the dignity, respect and outstanding care they received.

As Stephen puts it, "It's the people at the hospital. They just make you feel good."

# Time to register for Holt County Little Dribblers

It is time to register for the Holt County Little Dribblers' program. Sponsored by the South Holt R-1 Booster Club, this new program is open to all youth in the county between the ages of four and ten.

The youth basketball program

will concentrate on the fundamentals of passing, dribbling and shooting. There will be an adult and some high school basketball players working with the youth every Saturday. The scrimmages will be very controlled with concentration given to making sure

all the children are involved and having fun. Only a time clock will run, no score will be taken. Double dribbling and traveling will not be called. There will be a wrist band for each child to wear indicating who the child will guard on the other team (those with the same color of wrist band). Spots will be placed on the floor indicating where players will start from. Each child on the team will have the opportunity to be the point guard and start the offense from the top of the key.

The number one goal of the program is for the youth to have fun. Poor sportsmanship from the players and/or fans will not be allowed. Players will receive a lot of positive comments from the coaches and high school students. This will be a positive program where the players can learn the fundamentals of basketball while learning to love basketball.

The first Saturday for the program will be Saturday, January 2, 2016, at 9:30 a.m. at the South Holt R-1 school. The program will be conducted on the five Saturdays in January: January 2, 9, 16, 23 and 30. Each Saturday will begin at 9:30 a.m. The youth will be divided into three divisions: A Division will be four and five year-olds; B Division

will be six and seven year-olds; and C Division will be eight, nine and ten year-olds.

# Mound City Lady Panthers remain undefeated after trip to Holiday Hoops

The Mound City Lady Panthers’ record now sits at 8 wins, 0 losses, after another victory at Trenton, MO’s, Holiday Hoops on Friday, Dec. 18. The event gives teams a chance to play outside of the conference and area tournaments. Mound City took on Green City, MO, more than doubling the opponents’ final score to win, 63-31.

“It is nice to go into the Christmas break undefeated,” remarked Lady Panthers’ head coach, Derek Petty, “although we know we still have tons of room for improvement. Kenzie Ashford went down in the second quarter with an apparent knee injury. We are not sure of the extent of the injury at this time, but Deanna Clayton, Victoria Nauman and Joeigh Eaton really stepped in to fill the void.” Coach Petty added, “We are going to take some time off and get physically and mentally refreshed for the second half of the season.”

Kendey Eaton led the Lady Panthers with 19 points, including three 3-pointers. Teammates Tess Phillips and Kameron Freemyer added 16 and 11 points, respectively.

The Missouri Corn Growers' Association and Missouri Corn Merchandising Council will be awarding seven deserving students \$1,000 scholarships. Applications for the Missouri Corn Scholarship Program are now available for high school seniors and college juniors pursuing a degree in agronomy or related area of agriculture.

"Farming is a challenging pursuit. Technology is evolving and beginning operators are working to grow our industry," said Mike Moreland, Missouri Corn Scholarship chairman and farmer from Harrisonville, MO. "We want to help prepare students to be successful as business owners and future leaders."

High school senior applicants must be Missouri residents from a Missouri farm or rural area. The scholarship funds will apply toward the freshman year of college expenses for high school winners.

College applicants must also be Missouri residents from a Missouri farm or rural area and currently a junior enrolled in a Missouri four-year college or university majoring in agronomy or

agriculture-related field. The scholarship funds will apply toward the senior year of expenses for college winners.

Interested students can also call the Missouri Corn office toll-free at (800) 827-4181 to request an application. Applications will be reviewed by the Missouri Corn Scholarship Committee and recipients will be notified by mail on or before Friday, April 15, 2016. This is the 20th year Missouri Corn Scholarships have been available. To learn more about Missouri Corn programs, please visit [www.mocorn.org](http://www.mocorn.org).

## Mound City R-2 students treated to a movie and popcorn at State Theater

The elementary students at Mound City R-2 - Walked to the State Theater in Mound City on Wednesday, Dec. 16, for a morning of a movie and popcorn. Elementary and Middle School Principal Jan Seitz treated the students to the movie, "Home," and a drink and popcorn before classes break for Christmas on Friday, Dec. 18. The next day, Thursday, Dec. 17, the middle school students made the trek to the theater to watch the classic movie, "Hoosiers," compliments of Mrs. Seitz.

## Poverty simulation seminar keeps high schoolers busy before break

The half day of school before Christmas break meant caroling and Christmas parties for elementary and middle school students at Mound City R-2. The usual agenda for the high school students is a movie, popcorn and visiting. This year, the movie and popcorn did not happen on Friday, Dec. 18. The high school student council conducted something new - a Poverty Simulation.

At first, the students weren't

happy with missing out on the standard entertainment, but soon realized they were learning about situations they will face in the years to come. During the simulation, participants role-play the lives of low-income families from single parents trying to care for their children to senior citizens trying to maintain their self-sufficiency on Social Security.

This exercise allows students to understand poverty through an experimental setting and to view poverty as a reality that many students are unfamiliar with.

Volunteer businessmen and women from the community

manned the various stations in the gymnasium at the school. From housing and insurance to food and recreation to child-care to purchasing a car to much more, the students learned there is much more to living on one's own than thought.

After the simulation, the students retreated to the cafeteria for a discussion of what was learned. There was great feedback from the students and the volunteers. The follow-up session was conducted by a member of the University of Missouri-Kansas City (UMKC) Center for Economic Education.

**Mound City R-2 high school students** - Gather around the financial institution station during the Poverty Simulation seminar on Friday, Dec. 18, at the school. Representatives from all three Mound City banks volunteered at the station. Students lined up to find out options for loans and other banking situations, from the standpoint of a poverty level citizen.

**Mound City R-2 students that stopped at the housing station** - During the Poverty Simulation on Friday, Dec. 18, soon had their eyes opened on the expenses of renting or owning a home. Insurance and utility costs many times keep people from owning a home if there is not enough money. Students, Kenzie Ashford, second from right, and Adrienne Messer, right, receive important information from the housing volunteers, Mrs. Cammy Ungles, left, and Mrs. Judy McIntire, second from left.
