"Miss Nelson is Missing" to be held at **State Theater**

The "Make a Splash--READ!" summer library reading program at the Mound City Public Library will be having a special event presentation on Wednesday, June 23. "Miss Nelson is Missing" will be presented at the State Theater at 2:00

This is a drama performance bringing to life the favorite book character, Miss Nelson. A hilarious reading of this classic tale of students learning to appreciate their instructor provides an opportunity for children to see storytelling come to life. The story follows the outrageous actions that Miss Nelson, played by Andi Meyer, has to take when she has the most horribly behaved class in the school.

Bring your friends and come enjoy this funny adventure.

Another trip to Jamaica for Dr. and Mrs. Wallace Carpenter

Dr. Wallace Carpenter, 84, of rural Fairfax, MO, recounted the initial launching of the mission trip to Jamaica that has become second nature to the retired medical doctor, a trip that he and a team returned from on June 3.

"Pastor Turnbull, pastor at the Fairfax Methodist Church at the time, said to us at a meeting, 'You going to talk about it or do it'," recalled Dr. Carpenter. "We decided to do it."

That initial decision took place nearly 30 years ago, with seven people going at a price of \$800 each. The medical mission has spread to encompass nearly 800 different peo-

ple from across the United States and from all walks

Dr. Carpenter's first trip, made in 1980, was to the north shore of Jamaica to the village of Falmouth, where the medical mission team set up a clinic in a small room off of the church. Dr. Carpenter remembers he and his team going out and rounding up six people that could be seen that first day. The second day 12 people showed up. 24 patients the third day and by the fourth day, the clinic was deluged with patients. A steady stream of patients has been there ever since.

In fact, a yelling, screaming mob arose as massive numbers of people needing medical assistance vied for the doctor's attention. After making several attempts to calm the anarchy, a "put your name on the list" strategv prevailed with exceptional results. The patients will put their name on the list and wait patiently all day to be seen.

The massive outpouring of needs that became evident that first trip resulted in a return trip three months later. Satellite groups started going then at different times. Currently, 15-18 teams head there each year. Groups from Omaha, the University of Missouri, UCLA's Medical School, Central Missouri State University

Dr. & Mrs. Wallace Carpenter

and a myriad of other doctors that know Dr. Carpenter and of the mission, take teams to

"It convinces me all the more that God is in control," commented Dr. Carpenter. You don't make the team, it makes itself. It fills with the skilled positions that are needed for the job. It's divine providence."

One of the biggest obstacles for the medical team is taking the prescription drugs needed to treat patients into the country. However, the doors seem to open every time for the team, and patients are helped with the many medicines they are able to pro-

Many advancements from the tiny room off the church have taken place over the years. The preacher at the church had a vision for an education center, so Dr. Carpenter, along with other teams, helped make the vision a reality. Teams then used that facility basement to operate the medical clinics. Ropes divided exam rooms, as teams saw various stages of every illness imaginable.

Then, in the mid 80's, it was decided to build a clinic. The clinic was designed by Becky (Foster) Heits, who has participated on many of the trips. The clinic has four exam rooms, a pharmacy and two bathrooms with showers. The clinic is used by each of the teams that arrive to help the Jamaican people and the education center provides the the team.

"The Jamaican people are super appreciative," stated Dr. Carpenter. "You get to know so many people there, it's like family."

Dianna Carpenter, Dr. Carpenter's wife; and Becky Heits were team leaders for the most recent trip. Carpen-Doctor ter gave his wife much credit for the amount of work she puts into organizing the trips and working with the bureaucrats in Jamaica to make their trips easier.

Dr. Carpenter's grandson, **Dustin** Carpenter from Chicago went on the trip from May 26 to June 3. Dr. Burke from Rock Port also as-

sisted with the medical side of the trip. Dr. Carpenter went for the first time not as a doctor, but as 'Chief Foreman of Carpenters', an unfamiliar position for the man who has doctored for nearly 60 years after obtaining his license in 1951.

Dr. Carpenter's love for the Jamaican people was evident, but not exclusive, as he affectionately described why he continued working as a doctor in the small communities he

"You actually get to be part of a community, part of people's families here," Dr. Carpenter remarked. "It's a good place to raise kids, and yet anything you might want is at your fingertips."

When asked how Jamaica had changed his life, he replied, "Jamaicans have strong Christian beliefs. When you watch hundreds of Jamaican children start the day with their heads bowed as the sun rises over the Carribean, you learn a lot about faith. It makes your faith stronger."

"You also learn about making the best of what you have and the true value of things," Carpenter stated.

Dr. Carpenter plans on making return trips to the mission field in Falmouth, but at 84, the trips will be less frequent, but a younger Dr. Carpenter looks to be making his appearance among the people of Falmouth.

Man found dead near Skidmore

Holt County coroner, Susan Lentz, identified the body of a Skidmore, MO, man found by neighbors at 27886 Holt 120, as Kevin Rowlett.

The Holt County Sheriff's office, along with the Nodaway County Sheriff's office, Maryville Public Safety and the Highway Patrol responded to a call made on Friday, June 11, at 3:00 p.m.

Investigators suspect no foul play, as the body appeared to have been in an area adjacent to the residence for a period of time. Results were still pending as of Tuesday, June 15, from the complete autopsy and the cause of death had not yet been determined.

Flood

Heavy rains-Throughout the area left waters rising in the Little Tarkio River, west of Mound City. Rainfall recorded at the Mound City FSA office on Monday, June 14, was only .36 of an inch, however residents near Big Lake saw nearly two inches in the same period. Total precipitation recorded in Mound City in the past 15 days has been nearly five and a half inches. Low lying areas and ditches are inundated with water and many crops are damaged due to the heavy rainfalls.

The Missouri River- Threatened its banks at the old barge terminal, south of Craig, MO, on Tuesday, June 15. A mark of 23 feet had been reached by midday, with the river expected to crest in Rulo early Wednesday morning

"School Reunion Time"

We never paid much attention to that time of year ers kept asking us to come, tried to schedule our vacations to make it to the old ing of classmates and good ago, but it's now held in the old Methodist Church.

there were class members present back to 1929. Seems like the years have gone too fast, for this year the oldest class was 1940. There were from the seven that are still alive, out of the original 17, not too bad I guess, for this of high school.

When we started going back to the reunions, evervone was dressed in their "Sunday best". The men coats, while the women were in dresses, heels and jewlong time. It soon evolved to

If we keep going though, I'm sure we'll reach that plateau again, where we'll need name tags again for those same people.

Over the years, we've had four of us in the 1941 class a lot of good programs of various types and some of the best food northwest Missouri could provide. But, even one made our 69th year out hot dogs and chips would be okay sitting there with some of the old classmates.

Sometimes, one of the past teachers or superintendents would attend, making it a mostly wore ties and sport highlight of the night. When our class of 1941 had our 50-year reunion, Everett elry. Everyone wanted to Brown, our superintendent, make a good impression on and his wife attended and their classmates that you talked about his time with might not have seen for a us all. Our class got to sit up front, be served first, like all

wearing whatever you want- the appropriate year classes did and relate our family activities up to date. Now we're just happy to be together and reminisce about old times.

> Before the schoolhouse burnt, the banquet was held in the auditorium, where tables and chairs were set up and the buffet-type dinner was laid out in one of the adjacent classrooms. Usually, the auditorium was full. One time, we had over 250 present and some of us began to worry whether or not the floor would hold all the weight after all those years, as we were on the upstairs level. Those two flights of stairs slowed a lot of us up, even back then, although we tried not to show it. If one didn't attend a school reunion, how was one to know that the one classmate, voted to be the least successful in life, could now buy the whole class out. Or, that the ugliest turned out to be a beauty. But whatever someone became or did, didn't really matter, because they are our classmates and have a place in our hearts forever.

If you haven't gone to a reunion- class, family or military- GO. It will make your life that much better.

Squaw Creek National tank identification. Wildlife Refuge held a Free Fishing Day Derby on Saturday, June 12, at a 2-acre fishing pond on the refuge near the auto tour loop. More than 60 people, old and young alike, participated in the free event that was met with overcast skies, which was very pleasant for the fishing derby.

The event was in accordance with the Missouri Department of Conservation's Free Fishing Day. Missouri Department of Conservation's Fisheries helped refuge staff members stock the 2-acre pond for the event.

The event was open to all ages, with the awards and handouts focused on young people.

The kids were introduced to fishing, experienced a flyfishing demonstration and were able to do some fish Cabela's and the Bass Pro

National Donut Day was on Friday, June 4, so residents held their special on Monday, June 7. They discussed donuts, its invention day and the different types of donuts. Did you know that National Donut Day started in 1938 as a fundraiser for the Chicago Salvation Army? Donut Day was started also in honor of the women who served donuts to the soldiers during World War I. The residents made donuts from canned biscuits. Many residents had never used this technique before. They made a special treat for the afternoon.

Residents enjoyed a great discussion on Tuesday, June 8. They had a word game that included a history lesson on our American Flag. They also discussed songs about America.

A June craft was offered during the afternoon on Wednesday, June 9. The residents decided to celebrate fathers and decided that many of our fathers enjoyed fishing. They painted exotic fish to hang on their doors. They also have a touch of bling to them. Shirley Jackson and Joan Smith assisted with the craft. Shirley also treated everyone with her special homemade breads and jellies.

Bingo volunteers on Thursday were Shirley Jackson, Margaret Pilkington, Inez VanOrman, Janice Phelps, Gail Twyman, Lucille Stull and Gordon Robbins.

Summer has truly come, although a little early. Residents enjoyed the morning out on the patio making ice cream. They made vanilla and blackberry. Everyone enjoyed the ice cream during the afternoon.

Maitland alumni banquet

ciation held its 113th annual reunion on May 29, 2010, at the Nodaway-Holt Middle School cafeteria. Fifty-two former students and their guests gathered together to celebrate the good old school days.

After the invocation by Faye Smith, a delicious dinner of fried beans, relish, rolls, drinks and strawberry frozen dessert was served by the youth and leaders of the Maitland-Graham United Methodist Church. The tables were decorated with purple and white balloons anchored by packages of M&M's. At each place setting was a program and a color photo of the school bell grounds. Erma Lee Dovell and Ramona Shields were in charge

of the decorations. Door prizes were given to Janice Butzer Wagener from Escondido, CA, for having travelled the farthest and to two favorite ladies for being forever young, Faye Smith and Ruth Hooper. Both are the same age and have the privilege of not only being the oldest in atten-

Phone Discounts Available to CenturyLink customers

With Link-Up America and Lifeline Assistance Programs, qualified low-income telephone customers can save money on installation charges and the monthly rate for basic local residential service. This includes access to long distance carriers, Emergency Services, Operator Services, Directory Assistance and Toll Blocking.

Link-Up America is a federally-sponsored program that provides discounted service installation charges to qualifying low-income customers. It provides a 50 percent discount, up to a maximum of \$30 for new residential installation charges for telephone service. The balance of the installation charges can be paid, interest free, over a 12 month period. In addition, the monthly service charge for toll restriction will be waived for customers requesting or required to have the service.

Lifeline Assistance is another federally-sponsored program for low-income customers. It provides a discount to the monthly charge for basic residential telephone service. Lifeline Assistance Program rates have been reduced and guidelines have been changed to allow for more low-income customers.

To qualify for both programs, customers may enroll in the CenturyLink Lifeline program by providing verification that they meet state low-income eligibility requirements. In addition, Tribal Telephone Assistance is available for those living on federally-recognized American Indian Tribal lands.

If you live in a CenturyLink service area, please call CenturyLink at 1-800-366-8201 or visit www.centurylink.com/lifeline with questions or to request an application for the Lifeline/Link-Up programs.

New option for traffic violators nd Burke. Sunday's play started with in lieu of point assessments on drivers' licenses

Drivers who receive traffic tickets in northwest Missouri will soon have a more convenient option to avoid the resulting points assessed to their drivers' licenses. The first Driver Improvement Program (DIP) class will be offered in Maryville, MO, on Saturday, June 26, 2010, starting at 8 a.m. The DIP class will be held in the First Lady's Dining Room, located in Northwest Missouri State University's J.W. Jones Student Union. The DIP class course that may be taken in lieu of point assessments Monday's play started on a driver's license result-Saturday each month, and individuals interested in taking the course may call the St. Joseph Safety and The Trojanettes then lost Health Council at (816) 233-3330 to enroll, or for information on dates, times and locations of future classes.

Missouri Revised Statute 302.202 allows non-commercial drivers who have received a non-alcohol related moving violation to plead guilty, pay their fine and take the Driver Improvement Program to keep the resulting points from being assessed to their license. To be eligible for this option, tickets must be issued in a county that participates in the State of Missouri's Fine Collection Center. To see if your county participates with this program, visit www.courts.mo.gov and

click on Fine Collection Center. A guilty plea is submitted by simply mailing the fine payment to the address on the back of the ticket, or by paying the fine on-line at the web address above. Once the fine is paid, individuals must complete the Driver Improvement Program course within 60 days to keep the points off their driver's license. Motorists receiving municipal traffic violations or violations in a county that does not participate in the program must still adhere to all conditions of the respective municipal or county court.

The DIP curriculum used is the National Safety Council's Defensive Driving Course and teaches drivers how to identify potential driving hazards in the attempt to decrease the risk of being involved in or causing a traffic crash. This course may also be utilized by some insurance companies as a means to reduce insurance premiums for their clients. Individuals interested in taking the course for this purpose should consult with their insurance agency to see if they qualify.

The Maryville Driver Improvement Program will be instructed by Mr. David Todd, who also serves as an officer with the Maryville Department of Public Safety. For more information or to enroll, please contact the St. Joseph Safety and Health Council at (816) 233-3330 or email sjsc@stjoesafetycoun cil.org.

Board of Alderman for the City of Mound City was held on Thursday, June 10, 2010, at 7:00 p.m. The following minutes were from that meeting.

Mayor Larry Russell called the meeting to order. Those present were Duane Nauman, Jim Krueger and Robert Heck, City Clerk Patsy Smith, City Collector Kelly Miller, City Employee Vince Beyer, Officer Luke Lee, Hugh Nauman, Chris Krueger, Tye Parsons and Brian Tubbs. Stan Seitz was absent at the beginning of the meeting, but arrived shortly thereafter.

Minutes:

There being no additions, deletions or corrections, Alderman Nauman moved to waive the reading of the minutes from the May 6, 2010, regular meeting and the May 13, 2010, special meeting and approve them as presented, Heck seconded. Approved unanimously.

Presentations/guests:

Hugh Nauman, Nauman Construction: City Hall Renovation: Hugh Nauman presented specifications and drawings for remodeling the remainder of the upper level of City Hall. Nauman noted that if the plans were approved, all he would need to do is get them blue printed and the project would be ready to be put out for bids. Mayor, Council and Clerk did a visual walk through with Nauman in the city offices to clarify the plans. There were no changes and Nauman was asked to finalize the plans and get them blue printed. The Clerk will prepare bid packets. Plans are to advertise for bids and open them at the August council meeting.

Holt County Rural Water District: Not present.

Dennis Haug, Haug Communications: Review of Siren Proposals: Mayor Russell called Dennis Haug for a conference call with the Council to hear his recommendation on the siren proposals. Council members questioned Haug whether the 45 foot Class 2 poles would be sufficient for the sirens and also questioned the best type of listed on the bids. Haug advises against solar panels, due to the fact that they are harder and more expensive to maintain. An AC power supply would be alright, but would not be necessary. The batteries are designed much better than they used to be and would be sufficient for the city's needs. Haug recommended Blue Valley Public Safety's proposal for a 2001-130 Federal Signal siren, which he feels is the best overall for the equipment and the cost. Tye Parsons, NW MO Regional Council, was also present and indicated he was comfortable with accepting Blue Valley's proposal, but suggested we clarify if the new sirens will use the existing radio frequency for remote activation. Parsons also stated that with the Blue Valley proposal, we will be coming in under budget, so it is possible to include the option for adding an AC power source and a remote monitor. The grant pays 75% of the project with the city paying 25%. Council members agreed to accept the proposal from Blue Valley Public Safety for two (2) 2001-130 Federal Signal sirens at \$11,487 each

The remote monitor is a oneway communication that would assembly problems and may notify the school of a tornado warning, but would not have talk-back capability.

Ordinance: Bill No. 6-10-2010(1): Award Contract for Siren Project was placed on its first reading being for an ordinance entitled as fol-

ORDINANCE $_{
m DE}$ -AN CLARING THE RESULTS, SHOWING THE CANVASS OF BIDS AND AWARDING THE CONTRACT FOR THE CONSTRUCTION OF THE MOUND CITY COMMUNITY SIREN PROJECT PURSU-ANT TO THE PUBLISHED NOTICE AND ADVERTISE-MENT FOR BIDS.

Alderman Nauman moved to adopt the bill, Krueger seconded. After further discussion, the bill was placed on its second reading and final passage and was read by title, considered and discussed. The Bill was duly numbered Ordinance #1157.

New Business:

Mound City R-II School: Guard Rail on Parking Lot: Chris Krueger, Building Inspector, discussed Mound City R-II School's plan to install a guard rail around its parking lot at 8th and Savannah Street which he said would help to protect the street curb by preventing the public from driving over it. The issue is that they want to place the guard rail on the city's right-of-way in order to gain 20-25 more parking spaces. Alderman Seitz was concerned about liability if somebody was to hit the guard rail. City Attorney Brian Tubbs says it shouldn't be an issue as long as we do not do anything negligent. Krueger also reported that the school would then replace the sidewalk, which has to be a minimum of four feet (4') from the street, but not until next year. It was discussed that the parking area should have a large impact on traffic control at the school during certain events that are held power supply. Haug says those Mound City R-II School to in- also heard of a citizen complaint poles are typically used and he stall guard rail on city right-of- about tall grass along the north way surrounding their parking power supply sources that were lot at 8th & Savannah St., Heck nances state that the adjacent seconded. Motion approved.

Old Business:

Davis Creek Bridge: Mayor center of the street or alley. Russell reported that he will be in contact with the NW MO Regional Council to see if they can help with funding for repairing or replacing the Davis Creek bridge. He also reported that the state will resurface Route E next spring or summer which would be a good time to piggyback on to their project and asphalt the bridge deck.

Insurance Service (ISO) Review: Clerk Smith reported that the ISO review will be done on Thursday, June 17. The review determines fire in-

surance rates within the city. Department reports:

Police - Chief Panning Injured: Alderman Seitz discussed Chief Panning's injuries on May 27 while assisting a motorist. Chief Panning was readmitted to the hospital for complications following the accident and is reportedly still in ICU. There was discussion regarding mutual aid from the Holt County Sheriff's Department for the City Police Department.

The monthly police report PEAL plus options for AC power at was reviewed and discussed. ALL TERRAIN VEHICLES-\$1260 per siren and a remote Officer Lee reported that the

There was discussion of covering the gap that is left between the ground and the building. McIntire Lumber quoted around \$340 for 2"x12" boards to enclose the building. The Council agreed to buy the boards and City employees will install them. An electrical box at the lift station which was used by the construction crew to charge their batteries has been inspected and appears to have no lasting damage from rain water.

TRAFFIC CODE, CHAP-TER 340: MISCELLANEOUS DRIVING RULES OF THE MUNICIPAL CODE OF THE CITY OF MOUND CITY AND TO ENACT A NEW SECTION 340.110: ALL TERRAIN VEHI-CLES-PROHIBITED-EXCEP-TIONS-OPERATION UNDER **EXCEPTION-PROHIB-**ITED USES-PENALTY AND TO ENACT A NEW SECTION 340.115: PERMITS FOR ALL-TERRAIN VEHICLES TO PROHIBIT ALL TERRAIN VEHICLES FROM OPERAT-ING ON CITY STREETS EX-CEPT AS PROVIDED; TO ES-TABLISH SPECIAL PERMITS VIDE AN EFFECTIVE DATE Alderman Nauman moved to adopt the bill; there was no second to the motion. After further discussion concerning enforcement and safety issues

his motion. Bill No. 6-10-2010(4): Approve and Adopt 2010-11 Budget was placed on its first reading being for an ordinance

Alderman Nauman withdrew

entitled as follows: AN ORDINANCE OF THE CITY OF MOUND CITY, MIS-SOURI, APPROVING AND ADOPTING THE ANNUAL BUDGET FOR FISCAL YEAR JULY 1, 2010, to JUNE 30,

Council again reviewed the budget, discussed the projected deficit and the need for another revenue source for the street fund. It is anticipated the pool lease will be paid off in two years which will leave the 1/2% capital improvement sales tax as a possible revenue source. The Council discussed how to garner public opinion on continuing this sales tax to finance other capital improvement projects. Alderman Krueger moved to adopt the bill, Heck seconded. After further discussion, the bill was placed on its second reading and final passage and was read by title, considered and discussed. Motion carried. The bill was duly numbered Ordinance #1159.

Resolution NO. 2010-02: Warning Siren Activation Policy was placed on its first reading being for a resolution entitled as follows:

A RESOLUTION ADOPT-ING AN OUTDOOR WEATH-ER WARNING SIREN ACTI-VATION POLICY FOR THE CITY OF MOUND CITY, MIS-

Alderman Nauman moved to adopt the resolution, Krueger seconded. After further discussion, the resolution was placed on its second reading and final passage and was read by title, considered and discussed. Alderman Seitz would like to see a summary of the policy provided to residents to better

inform them of what the siren activation means and how they should respond.

Appointments: M.C. Public Library Board: Expired Terms of Phyllis Park-

er, Susan Laukemper and Susan Rippen. Alderman Seitz moved to re-appoint Susan Laukemper and Susan Rippen and to appoint Kerri Acton to the M.C. Public Library Board for three-year terms, Krueger seconded. Motion approved.

Board of Zoning Adjustment: Appointment of Alternate Members: Mayor Russell reported that, by state statute, alternates can be appointed to the Board of Zoning Adjustment to serve when other members cannot be present or have a conflict. Tabled until a public hearing can be held as required for a change to the zoning code. Administration:

Monthly Financial Reports: The monthly financial reports were reviewed and discussed.

Arthur White & Associates: Alderman Nauman moved to accept the audit proposal of \$4,000 from Arthur White & Associates, Seitz seconded. Approved unanimously.

Building Inspector: Compensation: Building Inspector Chris Krueger is not being compensated for inspecting dangerous buildings. His compensation for inspecting building permits is based on the construction cost of the permit. After consideration, Alderman Heck moved to compensate the Building Inspector \$50 per address for dangerous building inspections regardless of the number of times he visits the address, Nauman seconded. Motion carried.

City Clerk: Accumulated Leave: The Clerk requested compensation for 20 days of vacation that she has not been able to take due to the change in staff in the Collector's position over the past few years. Alderman Nauman moved to compensate Clerk Smith for four weeks of vacation time, seconded. Approved Seitz unanimously.

MIRMA Annual Meeting: The MIRMA annual meeting will be July 28-30. Alderman Seitz will attend and possibly Alderman Heck.

July 4th Certificates of Insurance: Council discussed getting Certificates of Insurance from any group hosting events for the July 4th celebration on city property. Alderman Nauman has already asked the Lions Club and Brian Tubbs will request a certificate from the Kiwanis.

Executive Safety Committee: The Executive Safety Committee will meet Thursday, June 17, at 10:00 a.m.

Meeting Date: Council set the next regular meeting for Thursday, July 8, 2010, at 5:30 p.m. Mayor Russell will not be able to attend.

Reminder Miscellaneous: that since July 4 is on a Sunday the City Offices will be closed Monday, July 5.

Accounts payable:

Alderman Nauman moved to approve the bills paid subsequent to the May 6, 2010, meeting and to approve and pay the current month's bills as presented including a bill from Bob Heck for \$1,556 for spreading and disking lime sludge from the water plant onto the farm ground and soybean seed, Krueger seconded. Motion car-

VOTE TO CLOSE: Pursuant to RSMo 610.021(1): Legal Actions: At 10:31 p.m., Alderman Seitz moved to close the meeting pursuant to RSMo 610.021(1), Nauman seconded. Approved unanimously.

Votes taken in closed session: Alderman Seitz moved to come out of closed session at 11:00 p.m., Nauman seconded. Approved unanimously.

Miscellanous:

Alderman Nauman requested Mayor Russell be more considerate when referring the public to him.

Adjournment:

Alderman Nauman moved to adjourn the meeting at 11:03 p.m., Krueger seconded. Approved unanimously.

THANK YOU / REMEMBERING

Words cannot express our appreciation to all who showed Dad such kindness and love during his stay at Tiffany Heights the last few years. His care was wonderful and he loved you all! A special "thank you" to Dr. Fernandez and the nurses at Fairfax Community Hospital. Your patience, knowledge and gentleness will never be forgotten. To Greg and Eric Chamberlain, you always know how to make a difficult time become easier. We will never forget the heartfelt message and music that Rev. Jim Brown delivered during the service. We would also like to thank Greg Book for the special tribute and music at the cemetery. Last, but not least, we cannot describe our sincere thanks to all the family, friends and neighbors for the cards, flowers, food and memorials - your kindness will never be forgotten. This thank you would not be complete without saying how wonderful it was to have all the St. Joseph Light & Power employees honor Dad - you were a big part of his life. We thank God for giving us such a wonderful father and friends!

Donna Stokes and Family Kelton and Susan Noland and Family **Kevin and Janet Atkins and Family Debbie Edwards and Family**

Thank you so much for the many cards, food and contributions to Mason. The many expressions of love are deeply appreciated. Friends & family of Katheryn Lehmer

IN MEMORY OF BETH HODGE

To Those I Love and Who Love Me So grieve awhile for me, if you must, Then let your grief be comforted by this trust; It is only for awhile that we must part, So keep the memories within your heart.

I won't be far away, so let your life go on, If you should need me, call and I will come. Though you can't see or touch me, I'll be near, And if you listen with your heart, you'll hear My love around you so soft and clear.

New dugout covers offer shade

Two new dugout covers were erected over the two dugouts on the main ball field at the Mound City baseball fields on Thursday, June 10.

The covers were built by Kiwanis President Corey Gordon and his son, Jake, who spent many hours not only organizing for the project, but building them as well.

Kiwanis members Larry Thomas, Charlie Clodfelter, Scott Laukemper, Dave Frede and Corey Gordon and volunteer Drew Ireland, used equipment to hoist the covers into place and bolt

them properly into place. The cost of the project's materials was \$2,000. Besides the labor, the Mound City Kiwanis Club paid for the project with contributions from the Mound City Community Booster Club and Northwest Missouri Cellular/Midwest Data.
